Plant a Row for the Hungry is an international project (www.gardenwriters.org) that encourages gardeners to share their produce with needy folks in their community. Whether you intentionally planted extra crops for the Plant a Row for the Hungry project or just have some extra fruits and veggies to share, we hope that you'll donate to one or more of these local hunger programs.

If you have a group that would like to help with harvest of produce from the Plant a Row for the Hungry beds at the Hope Community Garden or other gardens, or you know of food closets or hunger projects to add to this list, please contact Robin Stanley at 530-644-1631 or birdwomanca@comcast.net.
